Interviewee : Mrs. IqlimaKurnia Sari
Interviewer : Mrs. Ade Novia Vebrianni
Topic : Information about short story and wattpad

Q&A:

Iqlima = I Ade = A

A: How long you have been become a *wattpad* author?

I : Approximately for three years.

A: Why do you like writing?

I : It just my hobby. In junior high school, I like read stories in a blog. After that,
I feel like to write my own story with my own imagination.

A: How many stories that you write in a month?

I : It depends on my mood actually, I usually write 2 to 3 stories in a month.

A: What kind of stories that you usually write?

I : I write various genres, but mostly romance, comedy, and fantasy.

A: What language that you usually used in your story?

I : Mostly my story is in Bahasa, but sometimes I write in English too.

A: What things that we need to consider in writing a story?

I : Firstly, we need to decide the theme of story, it must be interesting and also anti-mainstream, that's the key point to attract the readers. Also the title of the story, it should be unique and could be used as a click-bait.

A: How about the language?

I : The language used in a story should be simple and can easily understand by the readers.

For example, if we write in Bahasa and the readers are teenagers, we could use non-formal language or *bahasagaul*.

A: How about the English story?

I : I don't really understand about that really well, but I usually write a story in English with a simple tenses and also the general words that mostly readers know and understand.

A: Is there any things to be added?

I : The conflict of the story. it is better for the writer to write a story with the conflict that could make the readers get emotional whether it sad, angry, happy, and so on. Because if the writer use flat conflict it couldn't make the readers get into our story.

A: Any others?

I : Characters and setting of the story. It is better for the writer not to give so much explanation for the character and setting, but not too short.

A: Do you know Edgar Allan Poe?

I : Yes, I know.
